## CITRUS COLLECTION FOR THE HUNGRY

VOLUNTEERS ARE NEEDED: Call 760-323-8214

As Palm Springs continues on its path to becoming a more sustainable community, City residents and landscapers can bring their unwanted citrus to collection carts in the City – and the fruit will be given to the needy instead of going to waste! The Office of Sustainability has teamed up with Hidden Harvest, a local produce recovery program, to provide space at the City Corporate Yard for citrus collection carts supplied by Palm Springs Disposal Services. Anyone who has extra citrus can place it in carts and Hidden Harvest will collect and distribute it to those in need. The organization provides produce to 65 agencies in the Coachella Valley – including nonprofits on the western end like the Desert AIDS Project, Well in the Desert, Golden Rainbow Senior Center, and the Stroke Recovery Center.

Residents can drop off their unwanted citrus anytime in the carts located in the parking lot of the City Yard, 425 N. Civic Drive. Drivers should take Alejo Road east of Farrell Drive and turn south off Alejo onto Civic. At this time, only citrus is being collected and the bins will be in place until April when the season is over.

For more information, call the  
Office of Sustainability at (760) 323-8214.
